

Loneman School Mission Statement

Loneman School, in partnership with the Lakota Nation will build, strengthen and preserve cultural values while empowering each individual to achieve a passion for education and life-long learning in a changing global society.

Our Vision Statement
It is the desire of Loneman School to provide students with the most effective and supportive learning experience possible. As we look ahead and live out our mission we see...

- The school building is being utilized by the entire community
- State of the art technology is found in each classroom
- Students are portraying the Lakota values on a daily basis
- Students are fluent in both Lakota and the English language
- Parent and community input is a part of the decision making process
- Students are working at problem solving individually and in groups
- Fun, laughter, and a sense of well-being are everywhere
- Students demonstrate respect for themselves and others.
